

# **RESUMPTION OF CLASSES IN VOCATIONAL EDUCATION AND TRAINING**

Non-graduating classes CCP, DAT, DT

# CORONAVIRUS COVID-19 INFORMATION FOR PARENTS

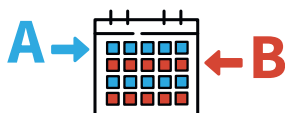

## ON 11 MAY 2020 YOUR CHILD RETURNS TO VOCATIONAL EDUCATION AND TRAINING.

**The objective is to allow each student to**

- progress in his schooling,
- successfully complete the school year,
- prepare effectively for the next year.

**The priority is to protect everyone's health.**

## FOR THE RESUMPTION OF CLASSES 10 RULES APPLY:

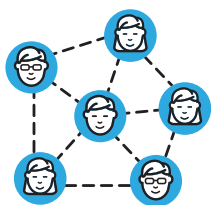

### **Alternation:**

Your child attends high school every other week.

### **50% fewer students:**

Each class is divided into group A and group B. When group A is at school, group B is at home or at the training company.

### **Classes in high school:**

When in high school, your child learns new content.

### **Home rehearsal:**

During the week at home, your child reviews the content learned during the week at school.

### **The most important:**

The teaching focuses on what is essential to know for the next school year.

### **Tests after consolidation of learning:**

When classes resume, your child reviews with the teacher what he/she has studied during distance learning. After this review, tests may take place.

### **Passed employer training modules:**

Apprentices are exempted from the employer training modules of the second semester. These modules are therefore considered as passed.

### **Passed internship modules:**

Students in non-graduating classes are exempted from all internship modules. These modules are therefore passed.

### **A return to the company according to the sector:**

If your child is undertaking an apprenticeship, he/she can return to his/her training company under certain conditions: the sector of activity is deconfined, his/her protection is guaranteed and he/she can benefit from the same coaching as before the interruption of classes. On the days where he/she doesn't attend school, he/she goes to the training company.

If he/she is undertaking a cross-border apprenticeship (school abroad, apprenticeship in Luxembourg), he/she returns to school when it reopens, and starts at the company at the earliest on 11 May.

### **Holidays maintained:**

The dates of the Pentecost holiday (30 May - 7 June) and the summer break (16 July - 14 September) do not change.

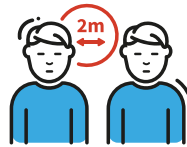

# CORONAVIRUS COVID-19 INFORMATION FOR PARENTS

To ensure the best possible protection of students and teachers,  
**9 BARRIER MEASURES ARE IMPOSED ON ALL.**

Students always remain in the **same group**, A or B.

In the classrooms everyone respects the **interpersonal distance of 2 metres.**

During **the journey to school** and when **moving within the school**, wearing a **mask**, a bandana (buff) or a scarf covering the mouth and nose is **compulsory**.

**In the classroom**, covering the mouth and nose is **optional**.

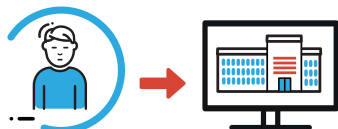

Breaks and recess are **alternated**.

**Regular handwashing** is reminded and encouraged.

**Sanitizers** are available in every classroom and at school entrances.

**Physical education and swimming classes** are **cancelled** until the end of the school year.

**Vulnerable students** may continue with distance education, upon presentation of a **medical certificate**.

If you have questions, you can also contact your child's high school.
